IPMA Global Project Excellence Awards

Introduction

IPMA annually awards prestigious project management prizes to project teams that achieve and can prove great feats in project management based on the IPMA Project Excellence Model, a key part of the IPMA Project Excellence Baseline, IPMA's global standard. The IPMA Global Project Excellence Award winners profit from benefits such as receiving the highest international honour for excellent project performance and worldwide recognition, receiving systematic feedback about the strengths and improvement potential of their project management, and getting the opportunity to market their organisation's achievements on a global scale. Project team members who participate in the IPMA Global Project Excellence Award gather experiences that help them in managing further projects and enhancing their careers.

There are three main categories recognised in the IPMA Global Project Excellence Awards:

1. IPMA Global Project Excellence Awards for Small-/ Medium-Sized projects;
2. IPMA Global Project Excellence Awards for Large-Sized projects;
3. IPMA Global Project Excellence Awards for Mega-Sized projects.

This Guideline describes in two parts the Large- and Mega-Sized projects category:

2.5 Assessment

The PE Assessment process consists from a number of steps:

1. **Individual assessment:** The Assessors submit their individual assessments of the application report to the judges by filling in the scoring template.
2. **Virtual team meeting:** The Assessor takes part in the Virtual Team Meeting to discuss individual scores, the 1st Judges Report and the Site Visit. The Assessment Team decides on Site Visit Issues (SVIs), documents they would like to review on site and persons/stakeholders they would like to interview.
3. **Submission of the 1st Judges report:** The 1st Judges Report is submitted by the Team Lead Assessor to the Award Judges.
4. **The Site Visit:** The Assessors participate actively in the Site Visit by interviewing relevant stakeholders, resolving Site Visit Issues and studying project documents.
5. **Submission of the 2nd Judges Report:** After the Site Visit, the Assessment Team rescors the project and submits the 2nd Judges Report with their findings to the Judges.
6. **Feedback Report handover:** The Assessment Team finalises the Feedback Report so that it can be handed over to the applicant after the Awards Gala. The Feedback Report contains the detailed findings (strengths, areas for improvement and scores) of the Assessment Team, as well as feedback from the Award Judges.

In evaluating submissions for the Project Excellence Awards all assessors will use a standard scoring table, which includes:

- Scores per criteria (using the three scoring matrixes from the IPMA PEM);
- An overview of strengths and areas of improvement per criteria;
- An overview of issues addressed at the Site Visit;
- A summary of issues the Assessor faced in scoring the application;
- Answers to the judges questions.

2.6 A recommendation to the judges

All final judging will be conducted by a group of five to six judges selected from a range of industry groups, who collectively have a broad range of experience in project management, and shall be independent of all submissions. Judges decisions shall be final and no correspondence about the decisions shall be entered into.

The IPMA Award Judges decide objectively based on the information provided by the IPMA Award Assessment Teams, which projects are IPMA Finalists and Gold, Silver and Bronze Winners, in the respective award categories for the current year.

The IPMA Award Judges meet twice in order to make their decision. The 1st Judges meeting is a conference call. The IPMA Award Judges then specify questions and additional information that have to be checked during the Site Visit. This information is required in order to be able to take the final decision during the 2nd IPMA Award Judges meeting.

After the Site Visit and the feedback provided by the TLAs, the Award Judges takes the final decision for all the IPMA Finalists in categories for the current year. The Award Judges prepare feedback per project stating their decision. After the Award Gala, the Award Judges provides feedback on their findings together with the TLA to the Applicant.

2.7 Announcement of Winners

Each country or region will announce their winners at local award ceremonies if possible, with winners preceding to the IPMA Global Awards. The global winners will be announced at the IPMA Global Awards ceremony on 1st October in Merida, Mexico. The outcome of the judging process will not be announced prior to the awards ceremony. At the sole discretion of the judging panels, high commendations or other awards may be awarded for submissions of significant merit. All projects that are selected as finalist by the judges, will be informed before the Awards Gala where the winners are announced. Several networking activities are organised for the Awards Finalists to participate in during the IPMA World Congress: Winner's Club, Awards Market Place, Site Visit (if possible).

2.8 Feedback

A Feedback Report will be provided to every applicant, based on the evaluation criteria. The Feedback Report can be expected one month after the announcement of the IPMA category winners. All finalists can participate in a face-to-face feedback session with several Judges on the day after the announcement of the IPMA Global Award winners.
