IPMA Global Research Award Gala in Zagreb 2019

I am really pleased and honoured with the 2018 IPMA Research Achievement Award

and to join such a distinguished group from past years. It was a really special recognition for my career and contributions over the past decades. The IPMA is a wonderful organisation and so this award is a truly global recognition that I cherish.

Prof. Derek Walker
IPMA Research Achievement Award Winner 2018

Receiving the Global Research Award is a true honor, as it shows the relevance of academic research

for the profession and its practices. I am pleased to see that our research work is appreciated by practitioners. This is a high accomplishment for academics, as well as evidence of the success of IPMA's long-term vision and its daily work in moving the profession on to higher levels of professionalism.

Prof. Ralf Muller,
IPMA Research Award Winner 2019

I am honoured to receive the 2019 IPMA Young Research Award and join the team of distinguished past

winners. IPMA integrates recognised scholars and practitioners that are creating excellence at the frontiers of our project management thinking. A global scientific recognition from this constellation is absolutely rewarding and will inspire future rigorous and impactful research.
