IPMA Global Individual Awards Introduction

There are three categories in the IPMA Global Individual Awards:

1. Project Manager of the Year
2. Young Project Manager of the Year
3. Agile Leader of the Year

This Guideline describes three parts of these awards:

1. The Awards processes for individual project management achievement in the categories: Project Manager of the Year and Young Project Manager of the Year.
2. The Award process for outstanding achievements as agile leader in the category: Agile Leader of the Year
3. General conditions relating to all submissions.

If you are intending to submit to an IPMA Global Individual Award, it is recommended that you carefully read these Submission Guidelines and address all submission requirements in the category of your choice.

PART 1. Awards for Individual Project Management Achievements

1.1 Eligibility

- Any programme/project director, project manager is eligible to enter the IPMA Global Individual Awards. A winning individual will be one who demonstrates, through narratives and documentary evidence, achieved excellence and/or innovation in project management as defined by ICB version 4.0 over a cumulative period of:
 - two years or more in the category Project Manager of the Year
 - one year or more in the category Young Project Manager of the Year
- The project(s) undertaken may be of any size, complexity or value, from either the public or private sector and can be located anywhere in the world. Whilst multiple projects may be referred to in the **Application Report**, at least one of the referenced projects must have been completed within the 24 months prior to the submission due date.
- Only one submission per applicant in each individual category is permitted.
- The payment of a separate entry fee for each application.
- An Applicant can apply in all three categories (including Agile Leader) in the same year, but can only be a finalist in one category.

1.2 Categories
